## **Important Note Please Read Carefully**

For demonstration purpose only, this free version Chinatag study guide contains **10** full length questions selected from our full version products which have more than **200** questions each.

This Study guide has been carefully written and compiled by Chinatag certification experts. It is designed to help you learn the concepts behind the questions rather than be a strict memorization tool. Repeated readings will increase your comprehension.

For promotion purposes, all PDF files are **not** encrypted. Feel free to distribute copies among your friends and let them know Chinatag website.

## **Study Tips**

This product will provide you questions and answers along with detailed explanations carefully compiled and written by our experts. Try to understand the concepts behind the questions instead of cramming the questions. Go through the entire document at least twice so that you make sure that you are not missing anything.

## **Latest Version**

We are constantly reviewing our products. New material is added and old material is revised. Free updates are available for 90 days after the purchase. You should check the products page on the <http://www.chinatag.com> website for an update 3-4 days before the scheduled exam date.

Please tell us what you think of our products. We appreciate both positive and critical comments as your feedback helps us improve future versions. Feedback on specific questions should be send to [feedback@chinatag.com](mailto:feedback@chinatag.com).

Thanks for purchasing our products and look forward to supplying you with all your Certification training needs.

Good studying!

**Answer: B**

**Explanation:**

**QUESTION NO: 2**

For a Steelhead Mobile solution to work properly, what port needs to be allowed by the device that Steelhead Mobile is installed on?

- A. 7800
- B. 7810
- C. 7801
- D. 7830
- E. 7840

**Answer: C**

**Explanation:**

**QUESTION NO: 3**

The Steelhead Mobile client on your laptop is showing a status of "firewalled". What is the problem?

- A. Port 7800 is being blocked between the Steelhead Mobile Controller and the Steelhead appliance.
- B. Port 7810 is being blocked between the Steelhead Mobile Client and the Steelhead appliance.
- C. Port 7801 is being blocked between the Steelhead Mobile Client and the Windows TCP Stack.
- D. Port 7850 is being blocked between the Steelhead Mobile Controller and the Steelhead appliance.

E. Port 7801 is being blocked between the Steelhead Mobile Controller and the steelhead appliance.

**Answer: B**

**Explanation:**

**QUESTION NO: 4**

How many failover buddies can be configured for a single interpreter?

- A. 1
- B. 2
- C. 3
- D. 4
- E. No limit

**Answer: B**

**Explanation:**

**QUESTION NO: 5**

How can you provide updates to multiple Steelhead Mobile clients at the same time? (Select 2)

- A. Using profiles
- B. Using multiple Steelhead Mobile Controllers
- C. Using Groups IDs
- D. Using policies

**Answer: C,D**

**Explanation:**

**QUESTION NO: 6**

What deployment type supports fail-to-wire?

- A. Physical in-path
- B. Virtual in-path
- C. Out-of-path

- D. Virtual Steelhead appliance
- E. Proxy file-server

**Answer: A**

**Explanation:**

### QUESTION NO: 7

When deploying a virtual Steelhead appliance, how much extra Memory should be allocated for the extra VMware overhead?

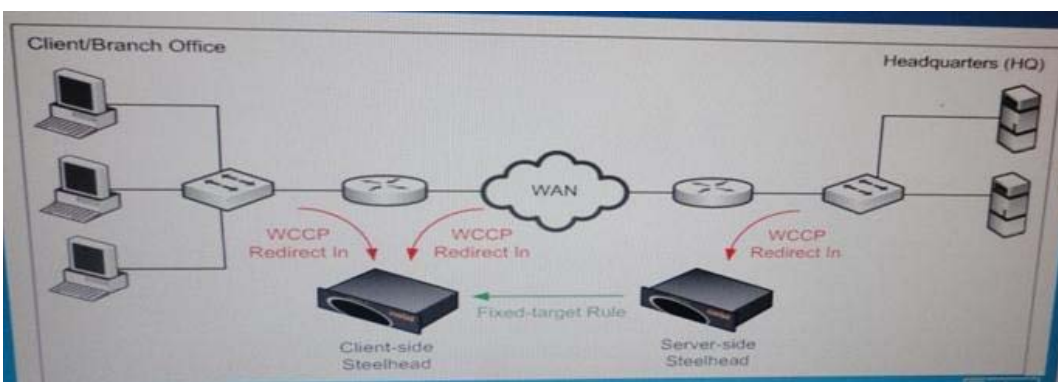

- A. 3%
- B. 4%
- C. 5%
- D. 10%
- E. 2%

**Answer: C**

**Explanation:**

### QUESTION NO: 8

Refer to the Exhibit.

A user from one of the branch offices reports connections to the servers are failing after a new deployment. The exhibit shows how Steelhead appliances have been deployed. Which of the following most likely fix the issue? (Select 2)
